

CONSORTIUM

This project brings together three experienced organisations from across Europe to share knowledge and create effective digital solutions.

- Iberika education group gGmbH (Germany) – Project Coordinator
- Danmar Computers (Poland) – Project Partner
- Transilvanian Educational Services and Tourism SRL (Romania) – Project Partner

ABOUT DIGI READY

The project consortium's mission is to bridge the digital divide by promoting digital readiness for low-skilled, vulnerable adults. Through informal learning sessions, we empower individuals to use everyday digital tools for real-world scenarios, enabling them to become active participants in society. Simultaneously, we support adult educators by upskilling them in the use of AI tools to create tailored, inclusive learning paths.

DIGI READY

The Digi Ready project is funded by the Erasmus+ program within the framework of the KA220 - ADU - Cooperation Partnership in Adult Education.

WHO IS THE PROJECT FOR?

- **Vulnerable Adults:** Individuals with limited digital skills, including migrants, refugees, the elderly and the unemployed.
- **Adult Educators:** Trainers, instructors, and counselors who work with vulnerable groups and want to enhance their digital teaching methods.
- **Community Stakeholders:** Migrant advisors, digital support staff, community center employees and organizations dedicated to digital inclusion.

WHAT WILL WE ACHIEVE?

- 01.** Workshops for adults to help them identify their digital challenges and learn essential navigation skills.
- 02.** Training adult educators via sessions focused on using AI-supported tools and inclusive instructional formats.
- 03.** 7 easy-to-follow, step-by-step digital tutorials tailored to the real-life needs of our learners.
- 04.** 3 short testimonial videos showcasing the experiences of learners and trainers to inspire others to embrace digital learning.
